

Center for Integrated BioSystems and
 Animal, Dairy and Veterinary Sciences
 2013 Spring Seminars

<u>Date/Time</u>	<u>Presenter/Title</u>	<u>Affiliation</u>	<u>Title</u>	<u>Location</u>
January 10, 2013 4:00-5:00 pm	Kamal Rashid, Ph.D.		Introductory Remarks	CIB 103
January 17, 2013 4:00-5:00 pm	Josh Wu, Ph.D. Research Scientist	Defence R&D Canada	Development of Medical Countermeasures Against Alphaviruses – from Bench to Battle Field	LIB 154
January 24, 2013 4:00-5:00 pm	Christopher A. Bidwell, Ph.D.	Department of Animal Sciences Purdue University	New Insights into Polar Overdominance in Callipyge Sheep	LIB 154
January 31, 2013 4:00-5:00 pm	Dr. Soumen Paul	University of Kansas Medical Center	Molecular Controls of Early Cell-Lineage Commitment: Lessons from Stem Cells and Embryo	LIB 154
February 7, 2013 4:00-5:00 pm	Dr. Dirk Vanderwall Associate Professor	Utah State University Animal, Dairy and Veterinary Sciences	From Basic Research to Clinical Application: The Use of Oxytocin to Suppress Estrus in Mares	LIB 154
February 14, 2013 4:00-5:00 pm	Dr. Yifan Dai Professor	Nanjing Medical University Nanjing, Jiangsu P.R. China	Genetically Modified Pigs for Xenotransplantation and Beyond	LIB 154
February 21, 2013 4:00-5:00 pm				LIB 154
February 28, 2013 4:00-5:00 pm	Dr. Ina Dobrinski Dr. Med. Vet., M.V.Sc., Ph.D., Dipl. ACT – Professor and Head	Dept. of Comparative Biology & Experimental Medicine University of Calgary		LIB 154
March 7, 2013 4:00-5:00 pm				LIB 154
March 14, 2013 4:00-5:00 pm		SPRING BREAK		LIB 154
March 21, 2013 4:00-5:00 pm	Dr. Slobodan Paessler Director, Galveston National Laboratory	University of Texas Medical Branch		LIB 154
March 28, 2013 4:00-5:00 pm				LIB 154
April 4, 2013 4:00-5:00 pm	Jianlong Wang, Ph.D. Assistant Professor Dept. of Developmental and Regenerative Biology	Mount Sinai School of Medicine		LIB 154
April 11, 2013 4:00-5:00 pm				LIB 154
April 18, 2013 4:00-5:00 pm	D.F. Antczak, VMD, PhD The Dorothy Havemeyer McConville Professor of Equine Medicine	Baker Institute for Animal Health College of Veterinary Medicine Cornell University		LIB 154
April 25, 2013 4:00-5:00 pm	Xiuchun (Cindy) Tian, Ph.D. Professor, Dept. Animal Science / Center for Regenerative Biology	University of Connecticut Stem Cell Institute		LIB 154

Understanding the molecules of life
